Since arriving from Canada in 2011, my three children have thrived at Halls Head Primary. I believe one of our most important jobs as parents is to be involved in the education of not only our own children, but all the children in our school community. Creating a safe and happy environment for our students to learn and grow is one of the most valuable gifts we as parents and educators can give to them and the community as a whole.

I have three children attending the Halls Head Primary School. All three have different strengths. It is my goal that all three will be supported equally to be the best they can be.

I believe in parents and the community getting involved to educate the youth of today. The youth are everybody's responsibility.
